

Jessica Judge

Paralegal

Jessica is a Paralegal within the Biotechnology and Life Sciences Group. She undertakes a range of work for the firm, such as assisting with the filing of patent applications, conducting status checks on large patent families, and managing portfolios. Before joining J A Kemp, Jessica helped to conduct forensic investigations into corporate frauds, corruption and other financial crimes. Jessica also has experience of working on High Court contentious disputes and other commercial litigation matters.

Jessica joined J A Kemp as a Paralegal in 2018, and works in our London office.
